

Greater Wellington Regional Council

Quarterly Report: January 2024 – March 2024
WGN190034 [35745] - [35749] & [35969] - [35972]

05/04/2024

Summary of report:

Between January and March 2024, Willowbank Quarry has responded to:

- 1 x Trigger notifications for water quality compliance

- **Summary of any complaints received**

No complaints received

- **Summary of any uncontrolled discharges to freshwater**

No uncontrolled discharges to freshwater.

- **Summary of the results of water quality monitoring undertaken in accordance with the Receiving Environment Water Quality Monitoring Plan**

04/03/2024: Both trigger limit notifications for the rain event. 10.10mm in 1hr, and 26.37mm within the same 24hr period. Sampled at various locations around the site.

- **Summary of exceedances of water quality trigger limits set in the Receiving Environment Water Quality Monitoring Plan and actions taken of site to reduce the likelihood of a reoccurrence.**

04/03/2024: A short and sharp rain event was forecast, and the quarry had taken preventative measures (as per Upcoming Works notification). Due to the short period event, the SRP was holding all water without discharging. NTU readings were still extremely low and samples visually clean.

- **Summary of any exceedances of water quality compliance limits**
